

3 Ursa Major Skincare Bundles You Need This Winter

3 Ursa Major Skincare Bundles You Need This Winter

Winter can be tough on your skin. But it doesn't have to be. With Ursa Major, you can support your skin in a natural and healthy way. Don't know where to start? Don't worry. Ursa Major offers bundles with some of their best products, from the vitamin C [brighten serum](#) to the Alpine Rich Cream. It's a great way to revitalize your skincare routine. Take a look at some of the bundles Ursa Major offers.

The Dry Skin Dream Team

A cleanser and a hydrating cream are the cornerstones of a skincare routine. With them, you can keep your skin looking healthy and bright through winter. That's how the Dry Skin Dream Team can help you look and feel your best through the season.

Ursa Major put two of their staple products into this bundle. The Making Moves Milky Cleanser is a daily rinse that doesn't just clean. It offers a powerful combination of hydration and enzyme-powered renewal.

Pair that with the Alpine Rich Cream for the perfect combo. This cream is infused with alpine and forest actives that offer deep hydration. They support your skin barrier and can even soften the look of fine lines. All you need is a dime-sized dab for that healthy mountain glow!

The Clean Shave Kit

When you pair a fresh shave with clean, healthy products from Ursa Major, you get skin that's just as happy as you are. The Clean Shave Kit contains everything you need to help you stay active and live your best life with skin that is glowing through it all.

The Stellar Shave Cream is a super-nourishing, non-lathering shave cream that works just as well for your legs as it does for your face. It can help deliver a super-smooth shave and even cushion against razor burn with a rich, creamy, and moisturizing formula. After the shave, the Fortifying Gel Moisturizer can help keep your skin refreshed, hydrated, and looking clear all day.

Finally, a package of Ursa Major's [wipes for face](#) cleansing completes the clean shave bundle. These pocket-sized skin-savers are perfect for rough winter days. They clean, exfoliate, soothe, and hydrate all in one. So if the wind has your skin feeling rough or the dry air has you feeling down, pull one out to get a much-needed refresh.

The Essential Serum Set

One of the best ways to support your skin through winter is with the right serum. And Ursa Major gives you two with The Essential Serum Set.

First, when you use the [vitamin C serum brightening](#) results will appear. It doesn't just brighten the winter days, but it brightens the look of your skin. The powerful actives in this serum provide instant hydration and can revive dull-looking skin.

Also in this bundle is the Mountain Glow Golden Serum. With over 40 clean actives, this serum is deeply rejuvenating. A few drops, and your skin practically forgets it's winter. With more radiance, lasting moisture, and firmer skin, you'll be ready to go.
