

Dry Skin? Try These IMAGE Skincare® Products and Facials

Dry Skin? Try These IMAGE Skincare® Products and Facials

Trying to nourish and quench dry skin is a breeze when you have IMAGE Skincare® products. From serums or a [lip treatment](#) to hydrating facial mists, it's easy to keep your skin hydrated throughout the day. When you want to treat yourself, you can even get a Hand and Stone massage and facial to help quench thirsty skin and help you look and feel your best. Here are some of the options available to address dry skin.

AGELESS total pure hyaluronic 6 filler

The AGELESS total pure hyaluronic 6 filler is a concentrated topical filler and [hyaluronic acid serum](#) with six forms of lower and higher molecular weight hyaluronic acids. Not only will it help smooth away the appearance of fine lines and wrinkles, but it will draw hydration to your skin and lock it in. It's an immediate, noticeable boost of hydration. The cross-linked, time-released hyaluronic acid binds water like a magnet, plumping your skin from within and giving you a youthful, healthy-looking glow.

VITAL C hydrating anti aging serum

Another serum option is the VITAL C hydrating anti aging serum. It's the bestselling IMAGE Skincare facial serum, and it offers multiple forms of vitamin C to hydrate and brighten your skin while improving the appearance of fine lines and wrinkles. High-potency vitamin C improves hydration while hyaluronic acid locks it in, giving your skin a bouncy, plump look. Plus, it helps brighten the skin for a healthy glow, reducing both the signs of environmental damage and the appearance of dullness.

ORMEDIC® balancing lip enhancement complex

Lips are delicate and need to stay hydrated. With the ORMEDIC® balancing lip enhancement complex, it's easy to hydrate your lips. Avocado oil and vitamin E help nourish your lips, delivering a surge of moisture to comfort and soothe dry lips. It also helps soften and plump your lips, with a polypeptide complex with palmitoyl tripeptide-5 helping make your lips look fuller.

VITAL C hydrating facial mist

Need a burst of hydration on the go? The VITAL C hydrating facial mist is perfect for all-day, everyday hydration. It's a lightweight mist that gives on-demand hydration, leaving your skin with a dewy, velvety soft finish. Luxe gold sub-microparticles and antioxidant vitamin C help shield your skin from environmental stressors while locking in hydration and giving your tired skin an instant pick-me-up.

IMAGE Classic Facial

You can pamper yourself with a hydrating [Hand and Stone facial](#) with IMAGE Skincare products. Your esthetician will work with you when you choose the IMAGE Classic Facial to tailor the facial to your needs, helping to nourish and hydrate your skin. It will help comfort your skin in a relaxing, tranquil environment. The esthetician can also help guide you toward the IMAGE Skincare products that will help make a change in your skin, hydrating it so your skin can look and feel healthy all of the time.
