

BLUE VANE SCOREBOARDS

Hockey Scoreboard Australia: Your Source for Australian Hockey Updates

[Hockey Scoreboard Australia](#) offers comprehensive coverage of hockey matches, including the AHL, local leagues, and international tournaments. You can easily stay informed about your favorite teams' performances, upcoming fixtures, and player statistics.

Blue Vane Hockey Scoreboard Features

Australian Made

Fully designed and built in our Melbourne factory.

Weather Proof

Fully weatherproof, with flow through ventilation to prevent solar heat build-up.

Driver componentry contained within an internal weather proof cabinet.

All digits have a silicone-pour coating to protect against condensation and humidity.

Quality construction & materials

4.5mm polycarbonate protective front panel resists ball strikes.

All aluminium cabinet and sub-frame for good appearance and longevity.

Ultra-Bright

Ultra-bright green digits as the display medium, which are suitable for viewing in **direct sunlight** and at a wide viewing angle.

Energy Efficient

High efficiency of LEDs result in low power consumption.

Easy to install, operate & maintain

Easy installation, even by non-technical personnel.

All digits and driver circuitry is 'plug-in' for ready changeover in the unlikely event of failure.

Easy to use, no special training needed for scoreboard personnel.

Operates from a dedicated plug-in or wireless control panel.

Our scoreboards are designed and built in our Ringwood factory, and we stand by our quality and reliability with a genuine warranty covering all component and manufacturing faults.
