Before you get on ezCater and search "cranberry salad," be aware that there's an enormous difference between a salad with cranberries and a true cranberry salad.

Some folks enjoy a light house salad with romaine, walnuts, and cranberries. Others are all-in on firetruck-red cranberry-based salads, which are often more like a pudding or gelatin.

Either way, whether you're [catering OKC](#) corporate lunches, NYC client meetings, or PDX sales calls, you'll find all sorts of cranberry salad options when you search ezCater.
