Ursa Major's Best-Selling Forest-Infused Products for Glowing Skin

Ursa Major is passionate about offering pure and potent formulas with forest-infused ingredients. They're the products the people behind the company love because they only provide the formulas they know and trust to reveal radiant-looking skin. By stripping away all the stuff skincare doesn't need—like parabens, synthetic fragrances or colors, SLS, SLES, silicones, or PEGs—Ursa Major leaves you with a fresh and clean skincare routine. If you want to know what they have to offer, check out some of their bestsellers.

Mountain Glow Golden Serum

The Mountain Glow Golden Serum is an effective, rich serum with a buttery color. Its 44 clean actives (including phytosterols, adaptogens, and vitamins B, C, and E) will melt into your skin, delivering ultimate skin nutrition. The formula lifts, tightens, and smooths the look of your complexion using ingredients that work as beautifully as their names: star-tipped lichen, honey locust seed, golden aspen bark, wild indigo seed, fern phytosterols, and wild pansy among them. Mountain Glow Golden Serum is a transformative experience that leaves your skin looking calm, dewy, plump, and radiant.

Brighten Up Vitamin C Serum

Another powerful serum that you can layer or use instead of Mountain Glow Golden Serum is the Brighten Up Vitamin C Serum. This fantastic brightening serum has a long-lasting form of vitamin C. The [vitamin C serum brightening](#) helps to smooth your complexion and tone your skin. Potent ingredients such as edelweiss, aspen bark, and rosehip work alongside the stable vitamin C to revive your skin for a naturally radiant-looking appearance.

Golden Hour Recovery Cream

Ursa Major's most popular product, the Golden Hour Recovery Cream, is a water-based formula that isn't too heavy and absorbs easily into your skin. Golden Hour Recovery Cream has a

potent blend of powerful ingredients like sea buckthorn, black currant, calendula, rose, sunflower, and sandalwood. It's full of antioxidants, fatty acids, vitamin C, and gentle, skin-soothing ingredients.

Forest Alchemy Eye Cream

Eye creams are a crucial part of a skincare routine because the skin is delicate and needs a supremely nourishing formula like the Forest Alchemy Eye Cream. Ursa Major's formula has chaga to help suppress melanin production to reduce the appearance of dark circles, tremella to smooth skin and make it look super hydrated, and pink snow algae to increase natural collagen production. This formula is full of forest-infused vitamins to support the skin.

Essential Face Wipes

Ursa Major ensures taking care of your skin can be both simple and effective. Among their collection of powerful formulas are the Essential Face Wipes, bamboo [wipes for face](#) infused with their 4-in-1 tonic so that you can quickly clean, exfoliate, soothe, and hydrate your skin.
